## EUROPEAN ATHLETICS CHAMPIONSHIPS

This brochure was made by  
Czech Athletic Federation's Communications Department.

[www.atletika.cz](http://www.atletika.cz)

DEAR FRIENDS

OF ATHLETICS

After 50 years, the European Championships are returning to Rome and the stadium that also hosted the 1960 Olympic Games. The setting will only appear to be the same, of course, and everything will take place in a beautifully renovated stadium.

I am very pleased that a large Czech team of more than 50 athletes will be taking part. Qualifying in such large numbers is an achievement for many reasons. First of all, the championships are being held at the very beginning of the outdoor season, the earliest in the event's 90-year history. There was only little time to perform adequately. Also, the criteria for the continental top are high and the quotas in the individual disciplines are relatively low.

Rome '24 is one of the most important events leading up to the biggest sporting event of not only this year, but the last three seasons - the Olympic Games. I firmly believe that the atmosphere of the European Championships will also help our athletes to perform at the highest level, which will ensure their participation in Paris, or at least bring them closer to it.

I wish them all success and a wonderful sporting experience.

**Libor Varhaník**  
President of the Czech Athletic Federation
